

5410IMP

TECHNICAL DATASHEET

EN

DESCRIPTION

- Excellent cut resistance
- Ideal for outdoor work
- High tear resistance
- Protection against mechanical risks
- Suitable for heavy work
- Protection against the impact of objects

CHARACTERISTICS

Type:	Cut resistant glove
Cut resistance level:	F
Liner material:	Nylon HPPE Glassfiber Spandex Steel TPR
Reinforcement:	Knuckles Handpalm
Gauge:	13
Coating:	Nitrile sandy finish
Coating style:	Handpalm
Other attributes:	Extended cuff

SIZES

Available in sizes:	8-12
---------------------	------

FIELDS OF USE

- | | |
|----------------|-----------------------|
| - Construction | - Oil & gas |
| - Shipping | - Automotive industry |
| - Scaffolding | - Manufacturing |

PRACTICAL INFORMATION

Packaging method:	Individually packed
Pairs per polybag:	1
Pairs per outer carton:	48
