

Technical File

Art. CV005

DESCRIPTION

Category III type 3/4/5/6 coverall for single use.
This coverall offers a high level of protection against various dangerous exposures that the user may encounter.

CHARACTERISTICS

- polypropylene + polyethylene coating
- 82 g/m²
- elastic tightening around wrists (with thumb loops), ankles, waist and three-part hood for convenience and freedom of movement
- twice maskable zip fastener cover, maskable chin cover
- waterproof mask closure
- Self-adhesive double zip cover
- Pasted seams
- masked seams
- central zipper with flap
- anti-static treatment
- breathable
- colour: yellow

SIZES

Available in sizes M to 3XL

APPLICATIONS

For use in environments where there is a risk of exposure to airborne solid particles, light spray, liquid aerosol or low pressure, low volume splashes, liquid chemicals and contaminated particles which can be found in:

- industry (pharmaceutical, chemical, ...)
- painting
- chemical industry
- life sciences
- agriculture
- maintenance
- pharmaceutical and hospital environments

MAINTENANCE - STORAGE

- maintenance: product intended for single use
- in the original package in a well-ventilated area away from extreme temperatures

PRACTICAL INFORMATION

Sizes	Reference	Packing quantities:
M	CV005 M	All sizes are individually packed in cartons of 25 pieces
L	CV005 L	
XL	CV005 XL	
2XL	CV005 2XL	
3XL	CV005 3XL
